NOTES

About the Renovate Europe Campaign:

Renovate Europe is a political communications campaign with the ambition to reduce the energy demand of the building stock in the EU by 80% by 2050 through legislation and ambitious renovation programmes. Accelerating the rate and depth of energy renovation is a key tool in boosting energy security, and will deliver major benefits for people, their quality of life, the economy, and our fight against climate change. www.renovate-europe.eu
